

**DID YOU KNOW?**

**FREEDOMATLANTIC**

Ransomware costs businesses more than  
**\$20 BILLION** per year. **75%** of targeted  
cyberattacks start with an email.

### **WE OFFER CYBERSECURITY SERVICES**

- IT Business Strategy & Planning Support
- IT Governance
- Change Management & Facility Support
- CMMI Process Development and Assessment Services
- Cybersecurity Assessment: Social Engineering and Penetration Testing
- Cybersecurity Awareness Training

Many categories of cybercrime are not specifically targeted against any single business, such as a ransomware attack. Knowing how to assess, inventory and protect your assets properly can prevent a ransomware attack from being successful.
